

Bryan/College Station Habitat for Humanity®

July 19, 2001

Mr. Randy Brumley
College Station Community Development
P.O. Box 9960
College Station, Texas 77842

Dear Randy:

I write on behalf of Habitat for Humanity to request the donation of lots for this year's Community Cares Program, to be held October 13 -27 in College Station. This donation will enable our organization to build four affordable homes for very low-income families in need of decent, simple shelter in the neighborhood surrounding the Lincoln Center on Holleman and Elenor Streets.

As you know, last year's Community Cares blitz in Bryan attracted over 2,000 volunteers of all ages, race and ethnic background, every religious creed, educational and economic level. Each got a first hand view of Bryan's need for neighborhood revitalization, and the clear message that each of us has the responsibility and capacity to address this challenge successfully.

We are very excited to be able to hold this year's event in College Station, and expect to be able to attract even more individuals, businesses, churches and local service organizations to this years project. Toward this end, Habitat is presently planning a Community Cares Media Day lunch at the site, which is designed to inform and involve members of the local media in this wonderful grass roots effort to help local low-income families in need. I hope to work with you and your staff to develop a program that will successfully touch their hearts and mobilize their energies toward the goal of improving the quality of life in our community.

Thanks for considering our request. We appreciate all that you do for the community's low-income families in need, and look forward to working together to provide four more simple, decent homes for local families in need.

Sincerely,

Patricia G. Burk
Executive Director
