It is further agreed that said information may be used by the City for municipal purposes.

ARTICLE X Warranty, Indemnification, & Release

6.01 As an experienced and qualified professional, the Surveyor warrants that the information provided by the Surveyor reflects high professional and industry standards, procedures, and performances. The Surveyor warrants the preparation of survey(s), the designation or selection of materials and equipment, the selection and supervision of personnel, and the performance of other services under this Contract, pursuant to a high standard of performance in the profession. The Surveyor warrants that the Surveyor will exercise diligence and due care and perform in a good and workmanlike manner all of the services pursuant to this Contract. Approval of the City shall not constitute, or be deemed, a release of the responsibility and liability of the Surveyor, its employees, agents, or associates for the exercise of skill and diligence to promote the accuracy and competency of their survey(s), information, or any other document relied on the preparation of the survey(s), nor shall the City's approval be deemed to be the assumption of responsibility by the City for any defect or error in the aforesaid documents prepared or relied upon by the Surveyor, its employees, associates, agents, or subcontractors.

6.02 The Surveyor shall promptly correct any defective survey(s) prepared by the Surveyor at no cost to the City. The City's approval, acceptance, use of, or payment for, all or any part of the Surveyor's services hereunder or of the Project itself shall in no way alter the Surveyor's obligations or the City's rights hereunder.

6.03 In all activities or services performed hereunder, the Surveyor is an independent contractor and not an agent or employee of the City. The Surveyor and its employees are not the agents, servants, or employees of the City. As an independent contractor, the Surveyor shall be responsible for the professional services and the final work product contemplated under this Contract. Except for materials furnished by the City, the Surveyor shall supply all materials, equipment, and labor required for the professional services to be provided under this Contract. The Surveyor shall have ultimate control over the execution of the professional services. The Surveyor shall have the sole obligation to employ, direct, control, supervise, manage, discharge, and compensate all of its employees or subcontractors, and the City shall have no control of or supervision over the employees of the Surveyor or any of the Surveyor's subcontractors.

6.04 The Surveyor must at all times exercise reasonable precautions on behalf of, and be solely responsible for, the safety of its officers, employees, agents, subcontractors, licensees, and other

persons, as well as their personal property, while in the vicinity of the Property or any of the work being done on or for the Project. It is expressly understood and agreed that the City shall not be liable or responsible for the negligence of the Surveyor, its officers, employees, agents, subcontractors, invitees, licensees, and other persons.

6.05 Indemnity. The Surveyor agrees to indemnify, defend, and hold harmless the City, its officers, employees, and agents (separately and collectively referred to in this paragraph as "Indemnitee"), from and against any and all claims, losses, damages, causes of action, suits, judgments, settlements made by Indemnitee, and liability of every kind, including all expenses of litigation, court costs, attorney's fees, and other reasonable costs for damage to or loss of use of any Property, for injuries to, or sickness or death of any person, including but not limited to Surveyor, any of its subcontractors of any tier, or of any employee or invitee of Surveyor or of any such subcontractors, that is caused by, arises out of, related to, or in connection with, any work or operations performed by Surveyor or by any such subcontractors of any tier, under this Contract. This indemnity shall apply even though such damage, loss, injury, sickness, or death is caused in whole or in part by any defect in or condition of any area, facilities, equipment, tools, or other items that may be provided by Indemnitee, whether or not such defect or condition was known to Indemnitee. This indemnity shall apply regardless of whether or not any such damage, loss, injury, sickness, or death is contributed to by the negligence or fault of Indemnitee. However, in the event of such contributory negligence or other fault of Indemnitee, then Indemnitee shall not be indemnified hereunder in the proportion that the Indemnitee's negligence or other fault caused any such damage, loss, injury, sickness, or death. Both the City and the Surveyor expressly intend that the indemnity provided hereunder is indemnity by the Surveyor to indemnify and protect the City from the consequences of Indemnitee's own negligence while the City is participating in the Project, except that the Surveyor will indemnify Indemnitee only for that pro rata portion (based on the percent of negligence) of any such damage, loss, injury, sickness, or death that was not caused by the negligence of Indemnitee. Furthermore, the indemnity provided for in this paragraph shall have no application to any damages, loss, injury, sickness, or death resulting from the sole negligence of Indemnitee, unmixed with the fault of any other person or entity.

6.06 Release. The Surveyor releases, relinquishes, and discharges the City, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to, sickness or death of the Surveyor or its employees and any loss of or damage to any Property of the Surveyor or its employees that is caused by or alleged to be caused by, arises out of, or is in connection with the Surveyor's work to be performed hereunder. Both the City and the Surveyor expressly intend that this release shall apply regardless of whether said claims, demands, and causes of action are covered, in whole or in part, by insurance and in the event of injury, sickness, death, loss, or damage suffered by the Surveyor or its employees, but not otherwise, this release shall apply regardless of whether such loss, damage, injury, or death was caused in whole or in part by the City, any other party released hereunder, the Surveyor, or any third party.

7.02 For each of these policies, the Surveyor's insurance coverage shall be primary insurance with respect to the City, its officials, employees and volunteers.
