
MEMORANDUM

TO: HONORABLE MAYOR AND CITY COUNCIL
FROM: MARK SMITH, DIRECTOR OF PUBLIC WORKS
SUBJECT: TRAFFIC CODE AMENDMENT - SCHOOL ZONES
DATE: 3/4/2004

The revisions are described below:

- The title Rock Prairie Elementary/Junior High has been changed to Rock Prairie Elementary/College Station Middle School, due to a school name change.
- For item 22, Mint Avenue has been changed to Edelweiss Avenue, due to a street name change.
- For items 23 through 27 and 31, the Posted Hours have been changed from N/A to 7:15-8:45 AM and 2:45-4:15 PM, since these locations contain a plaque identifying these hours of operation.
- For items 22 through 32, the Operational Time has been updated to match the posted hours of operation. However, these times are variable and may change each semester/year per CSISD.
- The existing school zone origin/termination point, item 22, will be relocated to a point 60 feet south of the centerline of the right-of-way of the southern intersection of Welsh Avenue and Willow Loop. Since each school zone must have signs identifying the beginning and ending points of the zone, the relocation of this point will allow a newly proposed school zone along Edelweiss Avenue (item 33) to tie into the existing school zone; thereby reducing the number of signs identifying the beginning and ending of the school zones around the Welsh Avenue and Edelweiss Avenue intersection.
- The addition of item 33 places a new school zone on Edelweiss Avenue at the Rock Prairie Elementary School. The Edelweiss Avenue school zone will be from a point 65 feet east of the centerline of the right-of-way of Caterina Lane and extend to the intersection of Welsh Avenue. The proposed school zone for Edelweiss Avenue will reduce the posted 30 mph speed limit to 25 mph from 7:15 AM to 8:45 AM and 2:45 PM to 4:15 PM, Monday through Friday.
- The addition of items 34 through 36, place school zones, each 100 feet in length, on the streets of Innsbruck Circle and Sunflower Trail where they intersect the Edelweiss Avenue school zone. The proposed school zones on these streets will reduce the speed limit to 25 mph from 7:15 AM to 8:45 AM and 2:45 PM to 4:15 PM, Monday through Friday.
- The existing school zone sections under the C.S. High School, Pebble Creek Elementary School, and Cypress Grove Intermediate, items 37 through 48 have been re-numbered.
