NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, the State and the Local Government do agree as follows:

AGREEMENT

Article 1. Time Period Covered

Article 3. Right of Access

If the Local Government is the owner of any part of the Project site, the Local Government shall permit the State or its authorized representative access to the site to perform any activities required to execute the work. The Local Government will provide for all necessary right-of-way and utility adjustments needed for performance of the work on sites not owned or to be acquired by the State.

Article 4. Responsibilities of the Parties

The Local Government acknowledges that while it is not an agent, servant, nor employee of the State, it is responsible for its own acts and deeds and for those of its agents or employees during the performance of the work on the Project.

Article 5. Document and Information Exchange

The Local Government agrees to electronically deliver to the State all general notes, specifications, contract provision requirements and related documentation in a Microsoft® Word or similar document. If requested by the State, the Local Government will use the State's document template. The State shall send the Local Government a written notification stating the amount of additional funding needed and stating the reasons for the needed additional funds. any other locally proposed changes, including, but not limited to plats or replats, result in increased costs, then, any increased costs associated with the ordinances or changes will be paid by the local entity. The cost of providing such right of way acquired by the State shall mean the total expenses in acquiring the property interests either through negotiations or eminent domain proceedings, including expenses related to relocation, removal, or adjustment of eligible utilities.

- A.
