Re: SprintCom, Inc. ("Sprint") Wright Cell Tower, 903 Krenk Tap Road, College Station, Texas; Zoning application (the "Application")

Dear Jennifer:

Enclosed please find the Affidavit of Patricia Towery, Senior Property Specialist for Sprint, regarding the above-referenced Application. Attached to the Affidavit is a propagation map reflecting radio frequency coverage in the City of College Station, Texas (the "City") in Sprint's licensed bandwidth. Also attached thereto is a map reflecting the site number, site name, site address and coordinates, and structure type and height for all of Sprint's sites currently operated within the City and its ETJ. Finally, Ms. Towery affirms that, currently, the proposed site is the only new coverage or capacity PCS site proposed by Sprint through the end of 2006 within the city limits or ETJ of the City.

All of the attached documentation and information is confidential and proprietary to Sprint and is being delivered to you in satisfaction of your Ordinance. In this connection, you are hereby instructed that the attached are not to be made a part of the public record and shall be held as confidential by the City. Sprint requests that it be given sufficiently prompt notice of any public information request regarding the attached information to enable it to seek injunctive relief against disclosure.

Sprint is unable to project its radio frequency coverage or capacity and new PCS site needs beyond 2006. Sprint objects to the City's Ordinance requirement that it provide a "grid plan (propagation map) of the service area for existing and future structures for a period of not less

than five years". Such grid plan does not exist beyond 2006. Nevertheless, the attached information and documentation are being delivered, without waiving Sprint's objections, in an effort to satisfy the Ordinance.

Your acceptance of this correspondence and attached information and documentation on behalf of the City shall constitute its consent to the above-referenced conditions.

Please contact me with any questions or comments.

Very truly yours,

Bracewell & Patterson, L.L.P.
