**Call to Order and Announce a Quorum is Present**

With a quorum present, the Regular Meeting of the College Station City Council was called to order by Mayor Berry at 7:09 p.m. on Thursday, February 13, 2014 in the Council Chambers of the City of College Station City Hall, 1101 Texas Avenue, College Station, Texas 77840.

**1. Pledge of Allegiance, Invocation, consider absence request.**

Scouts from Boy Scout Troop 1074 led the assembly in the Pledge of Allegiance.

**Citizen Comments**

Ron Frank, 2501 Texas Avenue, spoke regarding LED signage boards. In exchange for shared parking with the adjacent church, he was willing to share his LED board. However, the City says he can only change the sign once every 24 hours. A 24-hour restriction to changing a LED board seems arbitrary. He cited Clark v. Community for Creative Nonviolence, 468 US 288, 293 (1984) that ruled a City can regulate signage only if the restrictions are justified and are narrowly tailored to serve a significant governmental interest.

Shannon Pennington, 10114 Woodview Drive, spoke on LED signage boards and said this is a more economical way to do business. The International Sign Association completed a four year impact study on accidents due to message centers and found no negative impact. Business owners just want to be able to change the signs to accommodate the customers.

Joe Sullivan, 406 West Grand Parkway, said when people think of these signs they think of a Las Vegas strip. Any sign anywhere will provide a four-second read. Changing the LED board every hour will not negatively impact traffic. When he changes his signs his sales increase 25%. They are not a hindrance to traffic. Some cities are requiring these types of signs be installed because they have a small footprint and use less energy.

Camerone Salome, 2504 Texas Avenue, did not come forward.

Kevin Brightwell, 404 University Drive, said this is a benefit to the sign company, of course, but it also benefits the business owner. He helps businesses promote their services and products. Buyers will not make the investment when they learn they can only change the sign once every 24 hours.

Ben Roper, 5449 Prairie Dawn Court, reported that 590 Texas service members have died in Iraq. As troops return home, there is a tendency is to forget their sacrifice. He is here tonight to honor Tech Sgt. John A Chapman.

James Hill O'Brien, address not given, provided the Council with a packet on marijuana reform. He was not sure what steps need to be taken to perpetuate a dialog, but he cited several places that have legalized marijuana and noted this is happening more rapidly. He wants to see what we can do as a City.

Jerry Cooper, 602 Bell Street, spoke on rental registration and the program. He asked the Council to review the survey that asked if the program was operating well. He noted the survey was not adequately representative. The purpose of any fee could improve the code enforcement program. History has shown that complaints about more than four unrelated persons have not gone to Municipal Court. A fine could help to address the problem. A permit system could be utilized to deny a permit to those in violation,

## **CONSENT AGENDA**

City Attorney, Carla Robinson noted that the resolution in the packet for item 2c has been replaced. Language was added to Part 7 that recognizes what the City Attorney does when we acquire property. The resolution has been modified to authorize the City Attorney to execute the necessary documents.

I would like to discuss the restrictions  
placed on LED Boards. I'm willing  
to install an LED Board on my  
shopping center monument but will  
need to change it more than once  
a day to accomodate different tenant  
times of usage.

Let's call it

# Marijuana Reform

*“Marijuana ruins your life.  
So if I catch you with it I'm sending you to jail,  
and ruining your life.”*

As nightfall does not come at once, neither does oppression.  
In both instances, there's a twilight where everything remains  
seemingly unchanged, and it is in such twilight that we  
must be aware of change in the air, however slight,  
lest we become unwitting victims of the darkness.  
- - Supreme Court Justice William O. Douglas - -

The eight federal priorities are:

- Preventing marijuana distribution to minors;
- Preventing money from sales from going to criminal groups;
- Preventing the diversion of marijuana from states where it is legal to states where it is illegal;
- Preventing criminal groups from using state laws as cover for trafficking of other illegal drugs;
- Preventing violence and the use of illegal firearms;
- Preventing drugged driving and marijuana-related public health problems;
- Preventing the growing of marijuana on public lands;
- Preventing marijuana possession or use on federal property.

How can a city realistically model solutions to these federal level concerns?
